GuestConnect

Your new cloud-based hospitality TV remote control, designed for home from home hygiene.

For all hotels, health and safety requirements have increased.

For safer in-room entertainment, we've extended the availability of our wipe-clean remote control. With an ergonomic design featuring totally flat buttons, this remote is easy to wipe clean every day.

We've also launched a brand new, cloud-based remote control app – PPDS GuestConnect – allowing guests to control their in room TVs with their personal devices. Easy to use and totally secure, your guests can be given the opportunity to use GuestConnect, downloading the app via our easy to use interface at reception as they check in to your hotel, or in their room by scanning their unique link when they switch on their TV. Their link will be severed the moment they check out, and a new link will be created for your next guests.

Meanwhile, for safer interactions in communal areas, our range of PeopleCount solutions enable easy and cost-effective capacity management, as well as hand sanitation and more.

Philips D-Line
Chasing innovation

powered by Android

Amaze your guests with a smarter, faster, signage display.
Performance meets versatility in the D-Line. Ranging up to 98-inches
in size, this 24/7 D-Line is the perfect choice for content that needs to
make a powerful impact in both landscape and portrait orientation.
With integrated WiFi and designed for running Android
apps, it's the next evolution in signage solutions.

32"	43"	50"	55"
65"	75"	86"	98"

Public venues

Inform and engage visitors in public spaces. The D-Line features an integrated system to communicate with devices over the same network connectivity. FailOver ensures that backup content is played if the primary source experiences an outage.

Retail

Optimise any retail space for a better shopping experience. Easily create and control promotional content across single or multiple displays with CMND, and ensure content is always playing in case of primary source outages with FailOver.

Corporate

Easily connect and share content for ultra-ecient meetings and presentations. Built-in Android and SmartBrowser provide access to more apps, media content and devices, whilst CMND allows for updateable internal communications in an instant.

Food and beverage

Easily display menus, update item availability, pricing, and promotions with CMND. Integrated SmartPlayer and internal MemoryCache allow for local content scheduling, whilst FailOver ensures backup content is always available.

Transportation

Instantly update arrivals, departures and important announcements with ease using CMND. Built-in Android allows for live information and custom software integration from apps, whilst FailOver displays backup transport information in case of a primary source outage. All this with 24/7 operation.

Philips L-Line

Unleash your imagination even more

LED Display for every form and shape

No limits. No boundaries. Philips L-Line is an LED signage solution for endless possibilities in shape and size. Seamless linking and multiple size options enable truly unique displays of any dimension for perfect results.

22"	27"	31"
41"	44"	

Retail

Transform any retail space into the ultimate shopping experience by configuring a custom shaped Videowall. Have each message stand out from the competition with high-brightness LED screens designed to turn passers-by into shoppers.

Corporate

Create a powerful statement in any lobby, boardroom, meetings room, office and common area. The bezel-free design puts the focus on presentations and corporate branding content to keep staff and visitors engaged, in the moment, and inspired.

Public venues

Inform and engage visitors in public spaces. High-brightness LED ensures that content is always visible in both indoor and outdoor environments. Utilize the bezel-free design to create a clean look, or fit into a custom installation for protective or branding purposes.

Transportation

Ensure maximum visibility for transport scheduling and announcements. The bezel-free design can be used to create a custom display that fills any space, or can easily be fitted into a protective housing for safety.

Hospitality

Keep guests and customers entertained with the beautiful picture quality of LED. Ready for custom-integration, create a vibrant setting that's full of color in any environment including hotel rooms, restaurants, bars, ballrooms, and other places where image is paramount.

Philips X-Line

Versatile videowall display

Featuring an ultra-narrow bezel

Command attention with a Philips X-Line Videowall display. An ultra-narrow bezel allows for near seamless linking for a display of any size, whilst Advanced ColourCalibration ensures a clear image in any lighting condition.

| 49" | 55" |

Public venues
Designed for 24/7 operation, this Videowall display is ideal for public spaces including points of interest, stadiums, and anywhere else that requires moving content. FailOver ensures that backup content is available in case of a primary source outage.

Retail
Make an impact with a jaw-dropping Videowall display. Easily create and control promotional content with CMND, keep running costs down with SmartPower, and ensure content is always displayed with FailOver.

Corporate
Take presentations and corporate branding to the next level. OPS Insert allows for a direct integration of a full-power PC or Android-powered CRD50 module, whilst CMND allows for updateable internal communications in an instant.

Healthcare
Modernise any healthcare setting with a vibrant Videwall. CMND allows for content integration to display patient queuing, information, and health updates. SmartPower keeps running costs down.

Transportation
Ensure maximum visibility for transport scheduling and announcements. CMND allows for easy content updates, whilst FailOver displays backup transport information in case of a primary source outage.

Entertainment
Increase performance visibility with a giant Videowall display that gives every patron a front row view. Advanced ColourCalibration ensure a super clear picture, whilst SmartPower keeps running costs down.
